Eritrean National Commission For Democratic Change

Dear Haile,

Eritrean National Commission for Democratic Change (ENCDC) would like to express its heartfelt thanks for the logo that you voluntarily presented for its consideration.

Your logo was creative and highly relevant in that it correctly expressed the significance and the objectives of the historic event.

ENCDC was surprised to receive more than 49 proposals. The choice it had to make was thus very difficult. And I assure you that it was with a heavy heart that it had to part from the logo you had beautifully created.

ENCDC thus takes this opportunity to salute your artistic touches as well as your capacity to capture the real meaning of the National Commission and the upcoming National Congress.

ENCDC again thanks you for your continued positive engagement with ENCDC and your artistic contribution.

Sincerely yours,

Eritrean National Commission for Democratic Change (ENCDC)
