New Year 2019

MESFUN HAGOS

THE SCANADALOUS TEGADALAY

Happy New Year Eritrawyan.

Dear Eritrawyan, Year 2018 would be remembered as **THE GREATEST SPIN-OFF YEAR** in our history. We've seen how the master spin-off doctors Isayas Afewerki and General Sebhat Ephrem, Minister of Energy and Mining of Eritrea have kicked the biggest scandal in 2018, **"ASSASSINATION ATTEMPT ON THE GENERAL"**.

Sahel Academy of Disinformation (**03**), the tweet sweet swindler Estifanos Afeworki - the Eritrean Ambassador to Japan, PFDJ diehards in the VOA Tigrigna service, the sneaky scandalous Mesfin Hagos as well 5TH Column within the camps of Deleyti Fithi are conspirators in the scandal. I can assure you, the assassination attempt never materialized on General Sebhat.

The scandalous Mesfin threw blitzkrieg of videos in the end days of 2018. He aired his choreographed spin-off through TV Sened, an Youtube TV streaming run by Antoni Tesfai from Stockholm, Sweden.

The video blitzkriegs were primarily designed to lend hand in subtle manner to the spin-off kicked by Isayas regarding the “Assassination attempt on General Sebhat Ephrem”.

Mesfin was very careful in choosing the dates for his blitzkriegs in order to make the blitzkriegs appear non-coincidental with the date of the news of the “Assassination attempt”.

On December 21, 2018, news of “Assassination attempt” initially bubbled on Facebook by 03. Parallel to it, Mesfun’s blitzkrieg videos were thrown on 23rd, 26th and 31th of December. The videos were deliberately made multiple and fairly marathon in lengths in an attempt to veil the coincidence.

In the blitzkriegs Mesfun talked in great lengths about Martyr Abraham Tewelde’s remains and said other hullabalos in the never ending soap opera.

Dear Eritrawayan, all scandalous Tegadalay Mesfun's non-sense talks in the videos are just camouflages to hide the prime scheme of assisting his master Isayas Afewerki in the spin-off "Assassination attempt on General Sebhat Ephrem". Mesfun has no business but to assist his master when needed.

Thank you.
